STANDARD FORM 30 (REV. 10-83)
Prescribed by GSA
FAR (48 CFR) 53.243

CONTINUATION SHEET		REFERENCE NO OF DOCUMENT BEING CONTINUED	PAGE
NAME OF OFFEROR OR CONTRACTOR:			

1. For pricing purposes, what is the Government's anticipated start date of this contract?

The Government's anticipates award within 60 days after closing date.

2. Section C, Notes (1) and (4). Note (1) defines the "Contractor" as the Prime contractor and any subcontractors that the Prime has entered into firm commitments with prior to award. Note (4) indicates that the "contractor" (as defined in Note (1)) must perform 50% of the effort of each individual order.

Does the Contracting Officer truly intend for the term "Contractor" to be inclusive of Prime and proposed subcontractors? Should we interpret this to mean the subcontractors that may be necessary at a later time due to unforeseen events will not be allowed to work under the prime contractor to support the government's requirements?

Note (1) addresses the guaranteed minimum. Note (2) provides the definition of a "contractor" as used in this solicitation. The "Contractor" is defined to include the prime contractor and subcontractors with who the prime contractor has entered into firm commitments prior to award. Subcontractors that may be necessary at a later time are allowed under the Other Direct Cost (ODC) provision.

3. Section C, Para. 3.6. Are the "CRM Specialist" referenced in this paragraph government or contractor personnel? Who will teach out-year courses - the Government or the Contractor?

The CRM Specialists are going to be Government personnel. Out year courses will be taught by the Government.

4. Section C, Para. 3.7.2. Please define "OSA Course".

"OSA Course" stands for Operational Support Aircraft Course, which is basically a multi-seat crew compartment course. It includes everything other than fighter.

5. Section C, Para 3.8.1. This paragraph refers to SOW Paragraph No. 3.1.3. No such paragraph exists. Did the SOW intend to refer to Paragraph No. 3.3.?

It shall refer to paragraph 3.3.

6. Section C, Personnel Qualifications. Please explain why the “Technical Information Specialist” category is considered a “Key” category when there is not even a college degree required?

Technical Information Specialist was erroneously labeled “Key Personnel”. Please delete this requirement for this position.

7. Section L.I, General Instructions. Please confirm that the Government is looking for five (5) separate volumes: (1) Proposal, (2) Pricing, (3) Experience, (4) Past Performance/Financial Stability, and (5) Resumes in the contractor’s response to the RFP. Please indicate how many originals, and how many copies of each volume are desired. If this is not an accurate breakdown of the separate volumes you desire, please indicate the correct structure and number of copies desired.

**As stated in Section L, Proposal Requirements “General Instructions”.
The proposal/offer shall include the following:**

- a. Two (2) copies of completed and signed offer (proposal)**
- b. One (1) copy of pricing information**
- c. One (1) copy of Experience Matrix (Attachment (1))**
- d. One (1) copy of Past Performance Matrix (Attachment (2))**
- e. One (1) copy of Resumes (Key Personnel)**

Section L, Proposal Requirements also requires submission of various “Offeror Capability” information regarding experience, past performance/financial stability, etc. The formats and number of copies is also stated.

8. Section L.I, General Instructions. Please confirm the Government’s desire for the contractor to include its financial statements with the Past Performance information. Would it be more appropriate to include the financial statements with the Pricing information section, as the two subjects are more closely related?

The financial statements are required as part of the “Offeror Capability” information, and not related to the Pricing of this specific solicitation.

9. Section L.I, (B), (1), Experience Information. This paragraph indicates that the narrative shall not exceed 15 pages in total. Please confirm if this is for this section of the proposal as a whole, or for each contract listed in the experience matrix.

Experience information shall not exceed 15 pages in total for this section of the proposal only.

10. Section L. I, (B), (2), (I), Oral Presentations - Ground Rules - Timing. Upon notification of the necessity of Oral presentations, how much time will the Contractor have to prepare and submit the presentation slides and associated copies? To that end, does the Government intend to decide prior to the due date for the proposals if oral presentations will be required? If so, will the Government allow additional time for the Contractor to prepare presentation materials for submittal?

Oral presentations will be necessary only if directed by the Government. If Oral presentations are required the offerors will be notified and the presentations will commence approximately two weeks after the notice. The Contracting Officer will notify offerors of the scheduled date and time of their presentation. Any additional time to prepare for the oral presentation will be at the discretion of the Contracting Officer.

11. Section L.I, (B), (2), (ii), Oral Presentations - Topics. The paragraph covering “Work Breakdown” indicates the requirement for the analysis of the Statement of Work (SOW) tasks.

Does this mean the entire SOW or just specific tasks. If only specific tasks are to be analyzed, who makes the decision on which task to be covered - The Government or the Contractor?

Only specific tasks will be required for discussion. The Government will make the decision on which tasks are to be covered.

12. On page 11 of the solicitation, in the SOW, item 3.7.2: A reference is made to paragraph 3.3.1, but there is no paragraph 3.3.1.

It shall refer to paragraph 3.1.1.

13. On page 11 of the solicitation, in the SOW, item 3.7.2: A reference is made concerning the OSA course. We are not familiar with the term “OSA”, can you please provide a definition.

Same as question 5 above.

14. On page 11 of the solicitation, in the SOW, item 3.8.1: A reference is made to paragraph 3.1.3, but there is no paragraph 3.1.3.

Same as question 6 above.

15. In amendment 1 to the solicitation, item 3. The note states:

80% - off site (government)

20% - on site (contractor facility)

Is this correct? We typically have the term “off site” referred to as the contractor vice the government and the term “on site” referred to as the government. Please confirm.

The note as stated in the solicitation is correct. 80% - off site (government site) and 20% - on site (contractor facility).

16. On page 87, the amount listed under ODC’s for subcontractors is \$130,000. Please define what is categorized as “subcontractor” costs under ODC. Is it the total amount of this contract which can be applied to subcontractors/team members per year?

See the “Notes:” provided in Section C, page 8 regarding the term “Contractor” and the answer to question 3 above.

17. Bidders Mailing List is attached. (**Attachment (1)**).

18. **The closing date of 25 March 1998 remains the same.**
